

ARJUN MEHTA

Senior Product Manager, Payments. Bengaluru.

EXPERIENCE

Orchid Payments, Senior Product Manager, Mar 2023 to present

Own the card acquiring platform processing roughly 14 million transactions a month across three acquirers.

Led the move from a single acquirer to a routing layer that picks an acquirer per transaction. Authorisation rates improved from 84 percent to 91 percent over two quarters.

Rebuilt retry logic after a postmortem found duplicate charges during a gateway timeout window. Introduced idempotency keys end to end.

Silverline Fintech, Product Manager, Jul 2019 to Feb 2023

Built the recurring payments product from nothing to 3,200 active merchants.

Reduced time to first transaction from eleven days to four by parallelising KYC checks.

Mentored two associate product managers, one of whom now leads onboarding.

SKILLS

Payments architecture

Acquiring and issuing

PCI DSS

SQL, experiment design

EDUCATION

B.E. Computer Science
